

## *Outstanding Speakers, Meaningful Fellowship, Rest, Relaxation, and Spiritual Rejuvenation*

"Anatole" is the Greek word for Dayspring.

*"It is the dawning of a new day. He is the sunrise, lighting darkened skies, giving hope and strength to cope, to those who will wait for Anatole."*

Those are the lyrics to a song which describe the value of sunlight on life forms. In one or more areas of your life, you need a Dayspring. You need light to shine in some dark area of your family life, finances, interpersonal relationships or to develop an effective response to present onslaughts stemming from the pressures of living. Most of us need relief from the stress or strength to endure one test after another.

All of this and more will unfold as you relax and allow your spirit to become intoxicated while soaking up the sunshine of Dayspring.

This year we are visiting Alaska. You will experience one of the most beautiful of the 50 states. Towering glaciers, wildlife, amazing food, fun, entertainment, intriguing ports of call, and fascinating tours.

Take advantage of this opportunity to experience the spiritual change of Dayspring, the excitement of Vancouver, Canada and the beauty of Alaska!
